This full line of NSF certified premium 18/8 stainless steel induction cookware has a tri-ply bottom consisting of two layers of stainless steel surrounding an aluminum core. The result is cookware that spreads heat rapidly and evenly providing higher efficiency and reduction of hot spots, which can cause food to burn or cook unevenly. With attractive brushed sides and a polished band across the top and bottom, each piece makes a striking impression. The Titan Series features a complete range of cookware including stock pots, brazier pots, sauce pans, natural and non-stick frying pans. Available covers sold separately on next page.

MELAMINE DINNERWARE

Heavy commercial weight melamine dinnerware by Adcraft. Our melamine is NSF listed and is widely used in hospitals, institutions, restaurants, camps, and colleges. Durable break-resistant melamine dinnerware is preferred over chinaware by many food service operators. Popular narrow rim design is available in four standard colors: Green (G), White (W), Yellow (Y), and Tan (T). (Please note melamine is not approved for microwave use but is dishwasher safe.)
