Reach-in Refrigerators and Freezers

AdvantEDGE™ reach-ins offer proven reliability and value with many features only found in higher end models. These features enhance the look, operation and energy efficiency for each AdvantEDGE™ model.

- Available in one-, two- or three-door models
- Four adjustable shelves per section
- Curved handle with recessed pocket
- Electronic controls with door open and condenser cleaning alarms
- Stainless steel interior and exterior
- UL and C-UL safety, ETL sanitation and ENERGY STAR® qualified*

Sandwich Prep Tables

AdvantEDGE™ sandwich prep tables are designed for operators with features like an enclosed drop-in section where food items are consistently cooled by circulating cold air.

- Front breathing refrigeration system design allows for zero-clearance installation on sides and back so the prep table occupies a smaller footprint
- Standard condenser filter screen, removable without tools, for easy condenser coil cleaning resulting in peak efficiency and extended equipment life
- Stainless steel interior and exterior
- Self-closing doors
- Cutting board and casters standard
- 1/6 size pans included - 4" deep pans are standard but unit will accept 6" deep pans
- Optional drawers as well as single and double overshelves available
- UL and C-UL safety & UL sanitation

Standard Three Year Parts and Labor, Five Year Compressor Warranties

Undercounter Refrigerators and Freezers

AdvantEDGE™ undercounter refrigerators and freezers improve foodservice workflow by allowing large amounts of food to be located close to cooking equipment.

- Front breathing refrigeration system design allows for zero-clearance installation on sides and back so the undercounter may be integrated into existing counters
- Condenser filter screen, removable without tools, for easy condenser coil cleaning resulting in peak efficiency and extended equipment life
- Stainless steel interior and exterior
- Refrigerator models available with glass doors
- UL and C-UL safety & UL sanitation
